

United Energy Distribution Pty Ltd (UED) Remote AMI Service Charges for 2012

The rollout of advanced metering infrastructure (AMI, or smart meters) to households and small businesses has enabled metering services (that were previously provided through a field officer visit) to be provided remotely to customers who have an AMI meter.

The charges for remote services are set out below. These charges are valid until 31 December 2012.

Remote AMI Services	Product Code	Price (GST Exclusive)	Price (GST Inclusive)
Remote Meter Configuration	MECFRM	\$40.19	\$44.21
Remote Special Meter Read	SPRDRM	\$1.54	\$1.69
Remote Re-Energisation	REENRM	\$6.80	\$7.48
Remote De-Energisation	DEENRM	\$6.80	\$7.48

Remote Re-energisation and De-energisation services will be available once all processes are in place with retailers.
